I needed the roof repaired/replaced on my new home, and John was responsive, polite, and professional throughout the whole process. He was the fastest contractor to come over for a quote, and also had the best price of all the quotes I received for the job. His crew was very kind and extremely quick at getting the job done, while still being thorough, leaving me no mess and a beautiful new roof. Hopefully I won't need anymore roof work anytime soon, but I'd recommend Anthracite roofing to anyone who does.

John and his crew were very professional and easy to work with. I received quotes from a number of roofers, and Anthracite was able to offer the lowest cost with the best warranty and products. I really appreciated John's honesty and professionalism. It's been about a year since they did this job for me, and there have been no problems with the roof at all, and it's made my house look much more beautiful!

John is super responsive and great to work with. He responds to calls within 24 hours and gets quotes together and sent out very quickly. When I was getting quotes it took other companies over two weeks and John had a quote out within a few days. Work was done correctly and with efficiency. Great to work with! Highly recommend!! I can't recommend these guys enough. They quoted quickly, the price was great. They confirmed the day before and arrived early. They worked very hard and were done in a day. The house now looks great. They were amazing. Polite, professional, neat and tidy. I strongly recommend them if you are looking for a great roofer. I will be using them again on my next project.

I deal with John in a professional business relationship. John has always been straightforward, honest, and his attention to detail is a great trait when dealing with your commercial or residential roof project. I look forward to working with John in the future and you can rest assured, his attention to detail and honesty is always a breathe of fresh air nowadays.

John made this very easy. After getting numerous other quotes I stumbled across Anthracite Roofing. After reading the positive reviews on Angies list and home advisor I called and talked with John, the owner. Not only was his quote lower then the other companies, he was able to put me on the schedule within a week. His men did quality work and the roof looks great. Would definitely recommend.

Decades of roofing experience make the difference. John knows roofing. He does what he says he will do affordably. He returns calls and texts. My wife and I feel secure with our new roof, thanks to John. We recommend Anthracite Roofing, they have the job covered, because John knows roofing.

My mother has lived in this house since 1988, the roof has leaked since then. When I moved here in 2002 we decided a new roof would end this problem. It didn't. All these years seeking help from so many. We even put on a new roof put on in 2003, it had a 25 year warranty. That didn't do any good, he went out of business after 8 years. After our roof blew off this last April, we enlisted John and Anthracite Roofing & Siding LLC! Everyone that came to do the work was wonderful. Yet the roof still leaked. BUT But.....BUT John and his team continued until the roof was fixed. Yes, you heard it right! FIXED!!! I can't remember how many times they returned, a lot' until finally, what no one else could do, Fixed!! We are so very happy with the work, the team, perseverance and patience!!! I will recommend to anyone needing a new roof or repairs, call them. You will not be sorry!!! I just want to add, it was not the roof that was the problem, it was the chimney. Go figure. Thanks to John and his team, we appreciate all of you !!

John and his crew came through again! This was the 4th job we had for John. Unfortunately, we had to replace the roof on our residence, and this was not an easy job due to the roof having many peaks, angles and skylights. The hard working crew tackled it with no issues! Finding a company that you can trust is not an easy task. John is the most trustworthy, fair and honest man around! Highly, highly recommend Antracite Roofing!

I was very impressed with the professionalism and quick response from this team. They showed up and got job done in 1 day. I even had a slight concern with the finished product and they came back the next day to fix it. I have to say they gave the best price around. They had very thorough clean up and polite crew working. I would go back to them for another service in the future.

We want to thank John and his crew for the terrific job they did on our carport roof. They were extremely professional and helpful to us. The crew was respectful and worked diligently. We were astounded by their workmanship and how fast they completed the job. The owner was most conscientious and called us to make sure we were happy and satisfied. We highly recommend Anthracite Roofing and Siding to everyone. Gary B. Old Forge PA
